Special Program StaySafe at Sangallo Palace

We care about your safety and tranquility during your stay, like that of our staff. We have adapted to the new health and personal protection standards of guests and staff, changing a series of procedures and activating Covid-19 prevention measures. All without renouncing a stay of relaxation and tranquility among the beauties of Perugia and the villages of Umbria.

RESERVATIONS
- For bookings through our website or by phone, maximum flexibility and possibility of canceling or moving your stay will be granted.

CHECK IN & CHECK OUT
- We have improved faster procedures to avoid stops at the reception. You can check-in before the arrival; concerning check-out you will be invited the day before to communicate any data or special billing conditions.

ROOMS
- A specific sanitization of room surfaces is added to the ordinary daily cleaning, at every Guest's departure. Used products are approved and certified by the Ministry of Health.

SPACING RULES
- Once at the hotel you will be reminded, with notices and announcements, not to use the lift more than one person at a time; unless specifically requested when booking, we will assign rooms on the lower floors, to reduce the use of the lift.
- Tables of the Breakfast and the Restaurant are spaced and in complete safety

BREAKFAST
- The traditional Buffet Breakfast is replaced by a convenient service a the table. To avoid waiting times, you can proceed with food order from the evening before: in the morning you will find the reserved table and the waiter ready to serve you.

COMMON AREAS
- The common areas (reception, lounges …) are frequently sanitized and offer disinfectant dispensers for guests; clear signage helps in safe behavior.

INDOOR SWIMMING POOL & GYM
- Access to the Fitness area (Pool and Gym) is limited and staggered to avoid gatherings of people. This area, auch as other common places, is frequently sanitized.

STAFF TRAINING
- You will always be assisted by our staff specifically trained on the Covid-19 emergency
